Goals of Enhanced 18 Month Well Baby Visit

- Monitor growth and development using the Nipissing District Developmental Screen (NDDS) and the Rourke Baby Record
- Address parental concern about healthy child development and behaviour
- Provide information about parenting and other community programs that promote healthy child development and early learning
- Refer to specialized services when needed so children have access to interventions earlier
- Develop effective partnerships amongst parents, primary care providers, and community services

*** Nipissing District Developmental Screen**

- A Parent surveillance tool to understand and review child development at various ages
- Available from www.ndds.ca

***Rourke Baby Record (Ontario Version)**

- A tool for primary care practioners to monitor the child's first five years of development
- Available at www.cps.ca
